Director

Gabby Peak Ramirez
Program Manager

Bernie Mudd-White
Advancement Services Assistant

Sophie Steppe
After School Tutoring Assistant

Program Accomplishments:

Since its inception in 2012, Doors to Hope measures “accomplishments” in a variety of ways: a smile, increased confidence and especially improved language skills, job or grade level promotion. This fiscal year, we began our Computer Literacy Program for Women. This program is “life-changing” for immigrant women. As Covid19 shut our doors to in-person classes, our staff, volunteers, students and the community came together to develop and execute plans for helping students access classes and tutoring, virtually and to provide the financial support needed to retain staff and programs.

Below are specific data regarding program accomplishments:

Current number of active students

Adults and children participants = 79

ESL = 23

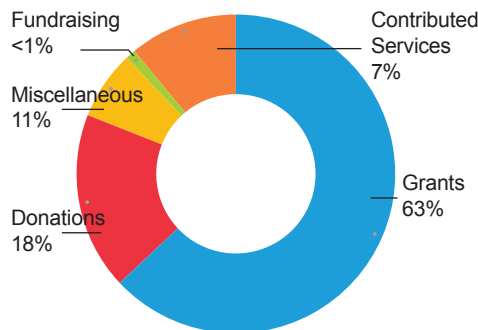

AST = 44

GED = 4

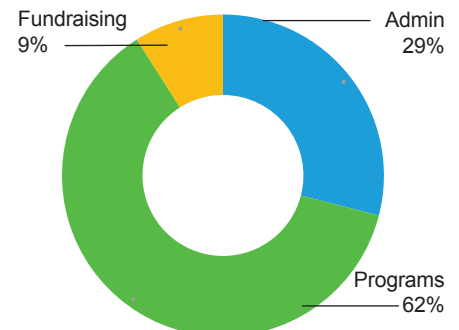

Computer Literacy for Women = 8

Citizenship = 0

Financial Information Fiscal Year 2019-20:

Revenue by Source
\$187,048

Expense by Category
\$133,864

Net Assets: \$299,204
